Unto the Eclipses

Feel the Magick !

Welcome to Creating Harmony's Harmonising Times. Our intention is to provide our readers, friends and connections with an overview of what is emerging in our much larger, ever evolving community. Shortly after midnight GMT on the 11th the full moon rose, only to be **eclipsed** 12 minutes later. It provided a moment in which to choose to eclipse anything that may be holding you back. Providing a quantum opportunity to release deep-seated wounds, **move beyond old fears** and to transcend negative patterns or traits within our shadow self.

Something quite magical took place during this full moon lunar eclipse – five celestial bodies in the sky formed a Pentagram (5 pointed star) and four of those celestial bodies a Golden Rectangle. ... the Pentagram is a sacred symbol that represents the 'Principle of 5', the awareness that **all of creation exists within each of us.**

We are being encouraged to release that which is hindering our progress. We are being tested or rather issues brought up for us to deal with, both on an individual level as well as globally. To **test our love** for ourselves and so everyone. To truly allow us to be honest with how we feel about this or that situation or issue. To utilise the power of unconditional love and understanding for ALL.

This full moon in Leo represents the opening of a new gateway and a starting point into the energies of 2017. Its purpose is to ensure our lives are put into perfect **balance and symmetry.** It is also going to ensure we have the tools we need to move forward into 2017 with confidence and a fresh perspective.

The key is for each of us is to **choose** whether we succumb to the emotions which appear and return to the same old cycle we have lived in for what seems to be aeons or allow in the new?

Ready to be Pushed?

This full moon is going to help push things along, though it is also going to provoke **abrupt endings**. If something needs to be gone from your life, if something needs to come to an end, this eclipse is going to set the wheels in motion. Change will happen, though definitely for the better - even if it does not seem so from the outset. The energy of this lunar eclipse will last until that in August, opening a new gateway of energy that is productive, active and positive.

Just ahead of the new moon and solar eclipse on 26th February, an influx of light will arrive between 22nd and 25th February. We are therefore in a period when the energies are challenging to the mind and the emotional levels. Further refining the **dismantling** of old systems which are not in alignment with what is emerging. This will impact both global as well personal dismantling of that which does not serve the highest interests.

Unsure of your Direction?

Reminding us February is a 3 Universal month, calling upon us to **express** our true feelings, visionary ideas and creative passions.

If you would like help in knowing your direction and how to achieve it, then why not request a **[complimentary Create your Path strategy session](#)**? During this we will work together to:

=> Create a crystal **clear vision** for your personal and business life and the “perfect lifestyle” you desire to live.

=> Uncover hidden **challenges** that may be sabotaging your personal growth and perhaps keeping you working too many hours with no freedom or flexibility.

=> Leave this session **renewed, re-energised, and inspired.**

Having a clear vision is going to be important as this period has a powerful peak of **focusing** on your purpose. Those using to the full their **innate talents** will likely enjoy practical results and achievement.

Offering a breakthrough window for those who act as a facilitator, coach, therapist or healer. Interestingly there is also going to be emphasis on **legitimacy**, for what one does as well as personal legitimacy.

All of this is going to have an effect on the physical body. This is most likely to be felt in the **throat**, because this phase is about communication - speaking our truth. More understanding, case studies and guidance on actions are available in [*The Seven Secrets to Living in Harmony*](#). To learn more watch this short YouTube video – [**the 5th Secret: “Why do I have Trouble in Speaking up?”**](#).

Enjoy an Abundant Life for 2017 on?

As we allow ourselves to speak our truth, the freedom and flexibility aspects of **abundance** will come more to the fore. Health and relationships will therefore require focus.

We have included in [Easily Creating Abundance](#) the ability for you to address limitations to love, health, freedom and wealth aspects of Abundance.

The workshop will enable everyone to identify **the main areas** where they are blocked and then work through processes to address them. It will conclude with an assessment of the progress made and what remains to be addressed and how to create continuing Abundance in your life.

This is much more than the Law of Attraction, this is about **Creating Abundance!**

The next one is in Portugal from 24th to 26th February 2017. Followed by **Copenhagen, Denmark** for 12th to 14th May.

*The new moon rises on 26th February at the moment there is a solar eclipse. With the year emphasising personal spiritual evolution, you can expect to feel extremely sensitive to the extent of having **visions** or premonitions following it. Increasing*

wealth and happiness will be found by following a more spiritual path and being inclusive of others.
